

My father and mother were instrumental in starting 10 different churches over their years of ministry. I believe the first building I saw outside of the hospital after I was born was the little church dad pastored.

My mother in law came to know the Lord as a teenager through my parents and I met my wife in the nursery of that little country church.

Over the years I had the privilege of attending and serving in many different Bible based organizations.

Along with Sunday School, Church, VBS, evangelistic crusades and youth camps - I was a music coordinator for an evangelist and several churches. I was in a gospel quartet for 16 years and had opportunities to preach and teach at home and in short term missions. I learned from some of the most talented in Christian ministry.

I have a heart for effectively communicating the gospel. I believe that what we do as leaders (pastors, teachers, youth directors, worship leaders) should be the very best. We have an obligation to keep striving to make the message clear and deliver the content in a quality manner.

I am primarily available to help you and your organization with the mechanics and logistics of a top-notch message, lesson or service. Although I really enjoy creating content - my services to you will help you practically deliver what the Lord has led you to teach and lead.

You can afford me. This is a ministry and I will work with you on a 'love offering' basis.

Sessions are entertaining and interactive. I am able to use various vehicles to help you and your organization including: Lunch N Learn's, Master Mind Groups, Coaching, Consulting, Seminars, Webinars, Event Sharing (Collaborative Effort) Joint Ventures and Key Note addresses.

Topics Include:

“Improving Your Serve”

(Elements of an Effective Service)

“The Communication Model”

(How it all Works)

“Do I Have a Story for You?!”

(Story Telling)

“What’s the Point?”

(Developing the Content)

“Long Story Short”

(Compelling Conclusions)

“Renewing Your Mind”

(Romans 12)
