

“As a high school principal, I was very proud of the messages that Jeff gave to our students. His heart touched many of our students and staff hearts and he made an impact. What impressed me the most is that he showed up at the football game and continued his conversations with student’s parents and staff. What a great human being with a great story who made a difference. Thank you Jeff for taking the time to let us hear your story, keep telling it and keep making a difference!”

Jason Harris, Principal  
Carthage High School  
Carthage, TX
