

We were blessed to have Bro. Jeff Willie come down and share with local pastors and church leaders in our area back in October 2017. He taught us to Lead Like Jesus! The teaching was practical, powerful and very effective. All of the pastors and leaders were truly blessed and helped by this insightful teaching. Bro. Jeff taught us, and challenged us. I personally remember leaving the seminar feeling empowered and ready to more effectively carry out my assignment from God! I think Bro. Jeff's teaching and revelation on leadership principles are something every Pastor and church would be blessed by. We are already looking forward to his return to our area in the future.
