

LEADERSHIFT MASTERMIND

11 ESSENTIAL CHANGES TO SHIFT YOUR LEADERSHIP HIGHER

Change is so rapid today that leaders must do much more than stay the course to be successful. To survive and keep your company or career alive, you must be flexible and ready to adapt. The key is to learn how to **leadershift**.

In **LEADERSHIFT**, John C. Maxwell shows the way for leaders to make leadership changes that will positively enhance their professional and personal growth. He does this by sharing the shifts he made (*and continues to make*) as he leads and equips others to increase their leadership potential.

Each shift will change your trajectory and set you up for new and exciting achievements, ultimately strengthening and sustaining your ability to impact those you lead.

In this **LEADERSHIFT** mastermind, we will participate in a group discussion around the 11 shifts John outlines in his book to help you become more innovative and influential as you lead others in today's fast-paced world.

During this mastermind, we will discuss vitally important leaderships including:

- How to continually **LEARN, UNLEARN, and RELEARN** touchstone leadership principles.
- How to go from **PLEASING PEOPLE to CHALLENGING PEOPLE** to become a better leader and mentor.
- How to change your focus from **MAINTAINING to CREATING**, unlocking the mental blocks keeping you from reaching your full potential.
- How to move from being **GOAL-ORIENTED to GROWTH-ORIENTED** while dropping bad habits, changing wrong priorities, and embracing new ways of thinking.

The next session starts October 13, 2020 at 8 am over Zoom.
