

Curt Landrith has been teaching and coaching for many years. He has experience leading small focus groups, participating in seminars and presenting key note addresses for large and small groups. He has educated in churches, park pavilions, camps, hospitals, home care agencies, community centers, gymnasiums and even remote villages throughout the country of Uganda.

His messages have encompassed faith in God, health strategies, marketing and communication.

Curt lives with his wife Kim in the ‘thumb’ of Michigan. They have 4 children (+4 ‘in laws’) and seven grandchildren.

Following are several references from various individuals and organizations who have worked with Curt in the past:

It is my distinct pleasure to write this letter of recommendation for Curt Landrith. I have known Curt since 1987 when he was the Director of Nurses at Hills & Dales. He is a true leader and his gift to speak with compassion and enthusiasm gave him a special talent. Curt presented to nursing very confidently and was an exceptional educator in our hospital.

He was exceptionally dedicated to have our staff gain new levels of care. Curt had many followers, as his presentations were a learning atmosphere. He was the first to bring ACLS (an accredited cardiac class) to Hills & Dales.

Curt is enthusiastic and a true motivator.

Respectfully,

It gives me great pleasure to write this recommendation for Curt Landrith to be involved in helping to train leaders. He has led worship here at Caro for First Baptist Church for many years, taught in various classes, and served as one of the leaders of the Gospel quartet, "Not Ashamed". Curt does a good job of relating to people and bringing them along with him.

Perhaps one of his greatest assets is a "servant's heart". He is always willing to serve when asked, and is most concerned about bringing glory to the Lord, not himself. I am convinced that he can not only teach people about leadership, but also model Christ-like leadership for them.

I have benefited very much from classes and educational meetings led by Curt over the past several years. He has the ability to present material in a manner that makes me want to take the next step to put the topic into action! He engages the audience along the way to make the learning process both meaningful and fun. I always want to come back for more information which I can use wisely every single day.
