PERSONALITY PROFILE ASSESSMENT • WORKSHOP

The MAXWELL DISC METHOD

What if you could tap into your greatest motivations to dramatically improve your relationships and accelerate your results?

Your individual personality affects every aspect of your life. That's why one of the best things you can do to grow yourself is to understand your personality and what naturally drives you. When you recognize your strengths and weaknesses, you are able to give your best as you work with people around you.

Get along with anyone, even if you're not a "people person."
Everyone you encounter is motivated differently, communicates differently, and views tasks and relationships differently. The Maxwell DISC Profile Workshop will help you achieve greater success when you learn to value your strengths as well as those of others.

Through this workshop, you will explore ways to:

- **Apply the Law of Awareness** to recognize your strengths and limitations.
- **Overcome your shortcomings** and clear the path for personal and professional growth.
- Understand how others are different and how to **work with each personality.**
- **Build a stronger team** that communicates, appreciates the style of others and works well together.
- **Learn effective strategies** for handling conflict and personality clashes. **And so much more…**
