

“We Bring CAMBODIA to the World and Bring the World to CAMBODIA”

LEADERSHIP MISSION MORE THAN ACCOMPLISHED

The attendance and active participation of PUC-Executive Leadership Institute Executive Director Dr. Nget Sokla to the recent 2022 Business Network International (BNI) Global Convention in Singapore was truly superlative from all aspects of leadership. He has developed strong affiliation with Dr. Ivan Misner, the Creator and Chief Visionary Officer of BNI that he established in California, USA in year 1985. Both Drs. Ivan and Sokla are Executive Leadership Fellows so much so that Dr. Ivan envisions BNI CEOs all over the 4 continents of the world to have strong business networking leadership skills. Such is likewise the aspiration of Dr. Sokla for all BNI Chapter CEOs in Cambodia.

Remarkably, Dr. Sokla has forged business networking coalitions with BNI U.S.A., Australia, Canada, Hongkong, Japan, Korea, UK, The Netherlands, The Arab Countries, ASEAN, Asian, Asia-Pacific Region countries. In other words, he has scaled up and magnified Cambodia business networking leadership sans frontiers.

We have tightened our friendship with the most powerful speakers, professional coaches, authors and investors of the world.

We are proud of Dr. Sokla's milestone achievements with BNI Cambodia. All he pays back his highest gratitude to Lok ta Dr. Kol Pheng, Founder and President of Paññāsāstra University of Cambodia, his greatest leadership guru with Dr. Fil B. Tabayoyong, Jr., M.D., Ph.Ds..

Needless to mention, Dr. Nget Sokla, is the Executive Director of PUC-Executive Leadership Institute; International General Director for PUC and PSIS Global Programs and Project Development, and Author of the International Edition Book “I SET MY MIND TO WIN”, which stories about his servant leadership. It’s also available on Amazon.com.

#BNI-We have the same mindset, Business Culture and Core values 🧡
